## East End, Grand Cayman

East End is the eastern part of Grand Cayman, which is the one of the five administrative districts of Grand Cayman. Here you can see the real life of the Cayman Islands and the original ecological coast, traditional thatched cottages and colourful coral reefs.

The East End of the Cayman Islands transports visitors into the Cayman Islands' rich culture. The district perfectly preserves all of the natural beauty the island has to offer, from its untouched coastline to its small, local eateries. If you want to see the Cayman Islands from a local's view, take a trip down Seaview Road for a fully immersive experience at the East End.

# WHAT TO SEE IN THE EAST END

The landscape of Grand Cayman is ecologically diverse. There's more to the island than its crystal white beaches and exquisitely clear waters.

Explore the Caribbean natural wonders that you'll only find in the East End, including East End Beach, also known as Colliers Beach, provides a long, picturesque coastline. It dreamingly combines warm sand between your toes and luscious grass for the perfect barefoot stroll. The waters are typically gentle due to the beach's surrounding reef, so swimming is always an option. The beach also offers shaded picnic tables and adequate parking. There's nothing fancy about Colliers, but let's be honest-who needs ornate when you have the ocean.

All of the images throughout this brochure are taken in the East End of Grand Cayman, we hope you find them as magical as we do!

# EAST END

It's a charming yet casual lifestyle, featuring stunning sunsets and great beaches away from the bustle of crowds.

# CRYSTAL CAVE

Crystal Cave was discovered in 1881 by local farm boys, William and George Vanasse. Most caves are formed by the dissolving of bedrock by underground water (groundwater). Nearly all caves open to the public are of this type. These caves are called SOLUTION CAVES formed in rocks such as limestone or dolostone. They are part of a unique kind of landscape containing sinkholes, sinking streams, and springs.

# BLOWHOLES

The Blowholes in the East End are one of the most prominent natural attractions in the island. The only one-of-a-kind in the entire isle, a blowhole is a geological wonder that spurts out seawater jets. It is actually caused when sea caves expand towards the surface by the pounding waves. Due to the crevice in these caves, the strong waves erupt through these holes. The spurts of water jets is truly enchanting. If you are nearby, chances are you will get drenched, but then that is the fun about a blowhole and here you will find a series of blowholes.

# BODDEN TOWN

Bodden Town is the former capital of Grand Cayman, named after a former leader of the government, William Bodden.

Legend has it that the famous pirate, Neal Walker made Bodden Town his headquarters and that much treasure is hidden along the coast and in caves

Today, the community still has the feel of a small Caribbean town, with a mixture of locals and expats living alongside one another.

The beaches are rustic, usually littered with driftwood and dried turtle grass and are lovely places for walking dogs. Bodden Town is home to Mission House, a time capsule of life in the 1800s, with some of the original antiques still on show. Residents also have access to plenty of off the beaten track restaurants which serve great local and international food.

## East End Heritage Beach

Situated in East End near Cottage Point just meters from Signature One, it seems there is always something going on at Heritage Beach! Heritage Beach retains its plethora of native coastal plants.

## Rum Point

Located on the picturesque north east end of the island, "Rum Point" is famous for its island atmosphere, white sandy beach and shallow clear waters.

## East End Colliers Public Beach

Off the beaten track, Colliers Public Beach is a popular beach for cyclists and adventurers. This rarely-busy beach has a private dock right off great for small boats or fishing.

## Cayman Kai

The privacy of Cayman Kai has long been a popular destination by vacationers wanting a more laid back, calm and away-from-it-all choice Cayman Kai is known for its crystal clear blue waters and white sandy beaches with miles of pristine shallow coral reef formations as well as world class scuba diving.

# WHAT TO DO IN THE EAST END

Explore the East End of Grand Cayman on this half-day tour. Visit Pedro St. James Castle, Queen Elizabeth II Botanic Park and see the Blow Holes. These are just some of the islands attractions to do...

# THE QUEEN ELIZABETH II BOTANIC PARK

The Queen Elizabeth II Botanic Park is a Unique Blend of Natural Beauty, Culture and History. Enjoy a leisurely walk through colorful gardens, botanic, lake and nature displays. Stroll through Heritage Garden, enjoy the Tea House with its panoramic views, and the lake area which forms a natural habitat for the Cayman Blue Iguana and breeding ground for a variety of rare aquatic birds and animals native to the Caribbean.

# SALINA RESERVE & COLLIER'S WILDERNESS RESERVE

NATIONAL TRUST PROTECTED AREA

Recovery efforts to save the Grand Cayman blue iguana have mostly centered on the Salina Reserve, a 625-acre nature reserve located on the eastern side of the island. After being hatched and raised for a year or two in a captive breeding facility, each iguana receives a complete health assessment before release. The iguanas are released after the lab results are reviewed and health is verified.

# STARFISH POINT

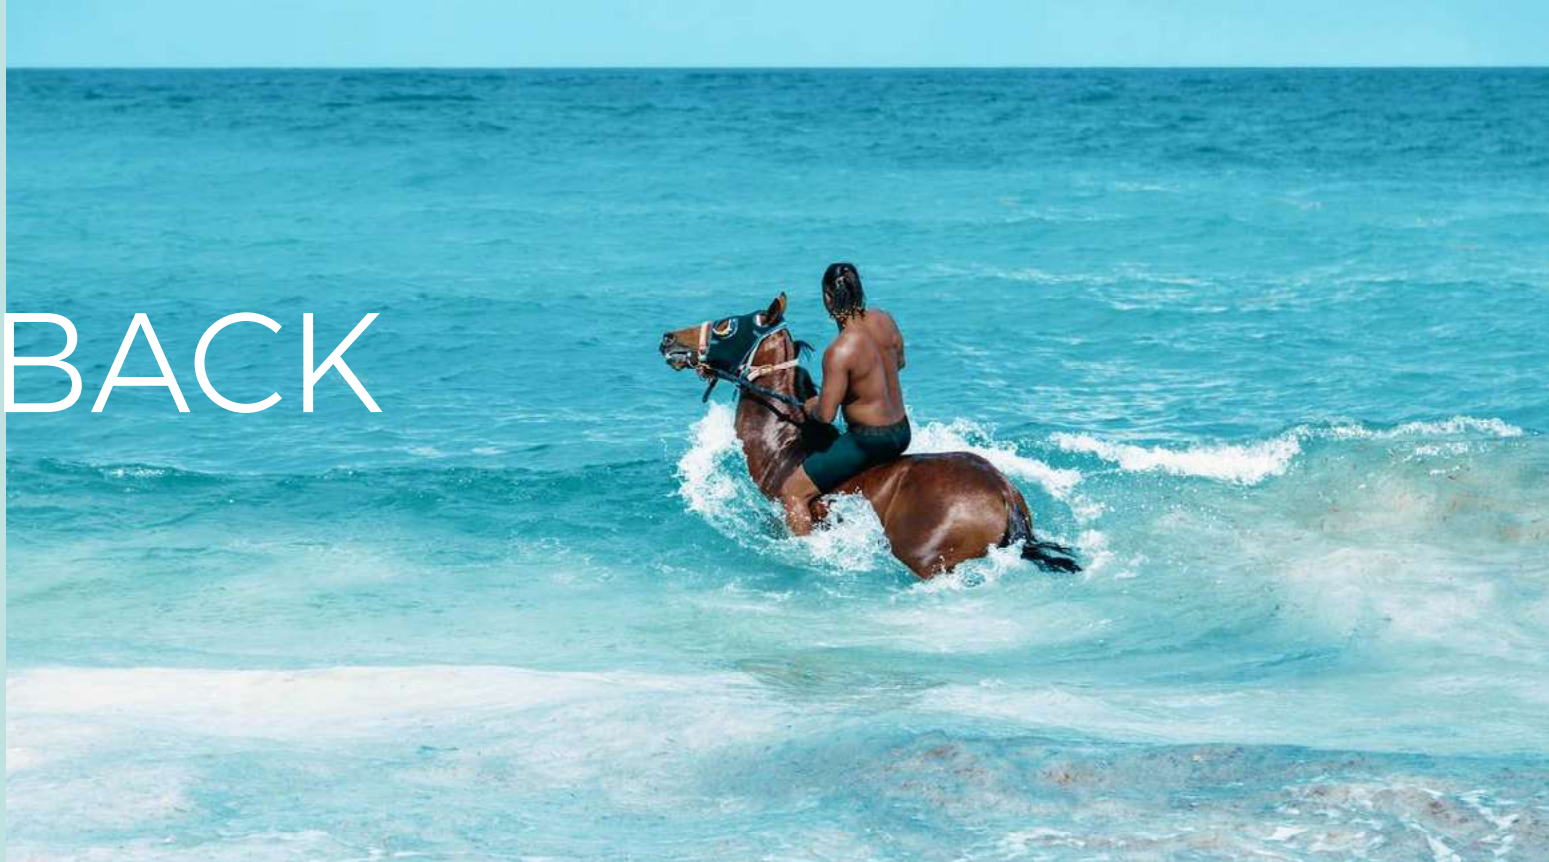

Around the corner from Rum Point and a few minutes from Stingray City, you will find a secluded beach paradise that is home to one of the most exotic sea creatures: the starfish. The Red Cushion Starfish is the most common sea star you will find along the white sand beaches at Starfish Point.

# HORSEBACK RIDING

Horseback Riding in the Cayman Islands provides unparalleled fun and adventure and a lifetime of cherished memories. Choose from morning, afternoon, sunset, or moonlight horseback rides along Cayman's pristine remote beaches and nature trails.

SWIM on horseback with the horses on an uninhabited stretch of beach along Grand Cayman's northward shores, no experience is necessary.

# DIVING

Grand Cayman has a wide enough variety of dive sites to satisfy everyone

Enjoy little to no current and unlimited visibility as you explore beautiful walls, amazing swim-throughs, and gorgeous reefs with abundant marine life.

Babylon Reef & Wall located at East End. The wall diving is what Cayman are famous for. The breathtaking drops have swim throughs' and tunnels to explore, these dives sites rarely have any current. People often compare it to flying over the top of a massive underwater mountain range! Even with this amazing drop the diving is super easy and safe with tons of cool critters. The marine life seen in this crystal clear water is world class. people regularly get to see hawksbil turtles munching on sponges, nurse sharks sleeping in the sand, big lobsters hiding ,the beautiful spotted eagle-ray, friendly southern stingrays, queen angelfish, puffer fish and a ton of stunning Caribbean fish on every dive trip.

# SHOPPING IN THE EAST END

Tax free shopping, that is what first comes to mind when you are shopping in the Cayman Islands. No products you buy in the shops will have any added tax. The price you see on the label will be just that. That is one huge advantage of shopping here.

With hundreds of tourists visiting Grand Cayman every year, you can expect to find many of the shops catering to those visitors. Perhaps it is souvenirs, beach clothing, jewelry, beach inflatables or a keepsake to remind you of your trip to Grand Cayman.

# HOTELS

It is no wonder that so many people opt for a more curated experience in the Cayman Islands over destinations saturated with mega-resorts and manufactured experiences. The discerning Cayman Islands visitor has a multitude of options ranging from five-star hotels to luxury villas and condominiums that are perfect for multi-generational trips, couples, families, adventure seekers, and business groups alike. Additional accommodation is consistently being added to the destination.

# RESTAURANTS & BARS

With restaurants from Michelin Star to award winning cocktail bars, the Cayman Islands have everything you could imagine and more! Where do we start, for non-adventurous people you can find the standard Burger King, McDonalds, Wendy's and so on, but for those with more adventurous taste buds you won't believe what the Cayman Islands has to offer. Lavish fish bars, fresh juice bars, Sushi Bars, Italian, Chinese, Thai, French, Mexican, Asian, American, International Caribbean, Local Caribbean, Australian, British the list just goes on.

Not only can you find an abundance of cuisines you can enjoy them in so many different ways, water front dining, poolside dining, outside dining, roadside bbqs you can even enjoy tarpon feeding in some local restaurants! Many of the islands restaurants offer live bands on various nights of the week, some restaurants have their own bars whilst some have their own pets. The Cayman Islands aren't known for their hectic nightlife like most western countries and only have a handful of nightclubs on the island, Cayman is more known for its vibrant bars and live singers as opposed to DJ's.

There are a number of Cayman restaurants that have won a Trip Advisor certificate of excellence awards, however most of the top Cayman Islands Chefs come from award winning backgrounds.

There is comprehensive provision of education in Cayman from pre-school nursery to degree and higher professional qualifications.

The Ministry of Education, Employment and Gender Affairs is responsible for policy and a Department of Education Services is responsible for the operation of the public (government) schools.

There is public and private provision at all levels. For Cayman children, education is compulsory from 4yrs, 9months to 17 years old. They can attend public or private institutions. Expatriates employed in the private sector who qualify to have their dependents with them are expected to have their children educated in private schools.

If the expatriate is a government employee, they can send their children to a public school.

Public schools follow a curriculum based on the British system. Private schools follow a British or US curriculum. Children can start pre-school nursery at age 2 (or earlier with some providers). Primary school starts at age 4 in September in the British system, 5 in September in the US system.

Primary school is for 6 years up to age 11, secondary education is a further 6 years up to age 17. There is provision for vocational education at the Cayman Island Further Education Centre, at the University College which offers programmes to degree and professional level and at other institutions such. There is also provision for special education and training for the disabled.

# HEALTH CITY CAYMAN ISLANDS

Narayana Health (NH) had been successfully delivering affordable high quality tertiary care to the masses in India through its chain of hospitals for over a decade. To encourage the adoption of the NH affordable care delivery model worldwide, Dr. Shetty, Chairman of NH, was keen to establish a hospital in the western hemisphere and believed that it was important to demonstrate the model to the US. Thus when the Cayman Islands Government was interested in developing the island as a medical tourism hub during 2008-09, Dr. Shetty agreed to develop the Health City Cayman Islands (HCCI, a 2,000 bed conglomeration of multiple super-specialty hospitals within a single campus located on the Grand Cayman Island. The first phase of HCCI, a 104 bed hospital focused on cardiac care and orthopedics, was developed jointly by NH and Ascension, the largest non-profit hospital system in US. The hospital was inaugurated in February, 2014.

Health City, only the second hospital in the Caribbean to receive the joint Commission international's "hospital accreditation," provides compassionate, high quality, affordable healthcare services in a world-class, comfortable, patient-centered environment, offering healthcare to local, regional and international patients. Health City Cayman Islands delivers excellence in adult and pediatric cardiology, cardiac surgery, cardiac electrophysiology, medical oncology, orthopedics, sports medicine, pediatric endocrinology, gastrointestinal, hepatopancreato- biliary and bariatric surgery, neurology, interventional neurology and neurodiagnostics, neurosurgery, minimally invasive spine surgery, gynecology, urology, colorectal surgery, dental, sleep lab and pulmonology services
